**Notes:**
1. "term" refers to fall or spring except in the case of "first term back" from suspension, which also includes summer and winter.
2. A summer or winter term GPA changes **probationary** academic status only if it returns a student to Good Standing.
3. A student can take no more than 16 credits during a fall or spring term on probation or just returning from suspension.
4. A student with term GPA < 2.0 and overall GPA ≥ 2.0 is placed on **Academic Warning** without note on the transcript. (Transcript shows Good Standing.)
