Graduation Requirements

120 credit hours are required for graduation. These credits must include the courses required for the major (see above sections). To graduate, a student must have at least a 2.0 in-major GPA and overall GPA.

** In Major GPA: Courses marked with * will be used for computing the "in major" GPA.*

Fall/Spring Course Offerings: Please consult with your advisor to ensure the courses are offered in the semester you intend to take them.

^Undergraduate Research: All 8 credits are not taken in one semester. They are often split among different semesters.

∞ BIOL 2124 is not an accepted prerequisite for BIOL courses that require BIOL 2134. Students wishing to take BIOL courses from the restricted electives list should take BIOL 2134. Please consult your advisor as to which course is right for you.
